DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on December 18, 2003 has been entered.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

On claim 1, lines 14-15, "wherein the plurality of light emitting elements are connected in series" is deleted because the sentence is repeated on the next line.

Allowable Subject Matter

3. **Claims 1 and 3-12 are allowed.**
4. The following is an examiner's statement of reasons for allowance:

In considering of Applicant's argument recited in Applicant's Amendment dated on December 18, 2004, **Claims 1 and 3-12** are allowable because the prior art fails to disclose or make obvious, either singly or in combination, a photocoupling device and a method of manufacturing it comprising, in addition to the other recited features of the claim, "an input section having a plurality of light emitting elements and lead terminals for supplying a drive current to the light emitting elements; and an output section having one light receiving element which corresponds to the plurality of light emitting elements, wherein a light receiving face is opposed to light emitting faces of the light emitting elements, and lead terminals for supplying a drive current to the light receiving element, and wherein the plurality of light emitting elements are connected in series via a plurality of headers".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
